

**As a Pittcon 2012 Exhibitor...** don't miss the opportunity to take advantage of the mailing list and email services available through Pittcon for the upcoming 2012 Conference.

For more information, and to create free quotes, please visit [www.pittconmail.com](http://www.pittconmail.com).

**Attendees want to hear from you...** be in contact with decision makers prior to the Conference with information on your company, booth, and new innovative ideas to be showcased at Pittcon 2012. Follow-up after the Conference, keeping your company in the forefront.

Pittcon has partnered with Aptech Computer Systems for over 20 years to provide Exhibitors with a valuable service in which to contact registered attendees, both before and after the annual Conference.

With the ability to sort from several different selection criteria, Exhibitors can customize their lists within specific interests, such as the type of industry and many others. You may choose to receive a multi-use file containing the attendees' postal information, or you may prefer to use our email broadcast service, where you provide the email piece and we broadcast the email on your behalf.

Look for additional information under the F.A.Q. tabs at [www.pittconmail.com](http://www.pittconmail.com) or call Aptech at 412-963-7440.
