McCormick Place Convention Center
WITH OUR GUESTS IN MIND
From our commitment to purchase locally, to our use of antibiotic-free poultry and meats, to the socially and environmentally responsible coffee we serve, even the way we clean and sanitize our dishes, SAVOR… Chicago’s ongoing commitment to environmental stewardship is at the heart of everything we do. We set the standard for excellence in sustainability in convention centers.

Our commitment to purchasing locally currently includes making 30% of our purchases from local producers and suppliers as well as growing more than 6,000 pounds of produce in our 2.5 acre Rooftop Garden. We are proud of our pledge to do our part to reduce the overuse of antibiotics by using chicken, pork and beef in our menu that is raised without the routine use of antibiotics. With each meal we serve we are encouraging ranchers and farmers to move away from overemployment of medicine in raising farm animals. Finally, SAVOR… Chicago made McCormick Place the first convention center in the country to make the switch to e-water for sanitizing,

SAVOR…Chicago has been recognized for its sustainability leadership and innovation including Green Seal* certification, International APEX certification in sustainability for the entire McCormick Place campus, certification by the Green Meetings Industry Council, an Illinois Governor’s Award for sustainability and recognition from the Environmental Protection Agency (EPA) for leadership, education and outreach, including winning the EPA’s National Food Recovery Challenge.

ILLINOIS GOVERNOR’S SUSTAINABILITY AWARD
The Illinois Governor’s Sustainability Award recognizes the organization that demonstrates a commitment to economy, society and the environment through outstanding and innovative sustainability practices. In recognizing SAVOR…Chicago, the Governor commended SAVOR’s green practices, “Your organization’s commendable green practices serve as a model of environmental stewardship for residents, businesses and institutions throughout our state. Implementing energy efficiency upgrades, fuel savings, pollution and waste reductions, and other sustainability improvements requires vision, strong leadership, and the dedication of individuals throughout an organization.”

GREEN SEAL CERTIFICATION
In 2013, through association with the University of Chicago’s Green Restaurant Research Team and the Green Chicago Restaurant Coalition, SAVOR…Chicago was the first convention center to receive Green Seal certification for environmentally responsible food purchasing, operations and management. SAVOR…Chicago meets Green Seal™ Standard GS-55 based on purchase of sustainably-sourced food, waste minimization, use of verified environmentally-preferable products, and conservation of energy and water. APEX/ASTM INTERNATIONAL FOOD AND BEVERAGE SUSTAINABILITY STANDARD
Spearheaded by the U.S. Environmental Protection Agency and their relationship with the Green Meeting Industry Council, these standards were developed in collaboration between APEX (the Convention Industry Council’s Accepted Practices Exchange) and ASTM, an ANSI certified international standard development organization. These standards were developed with the goal of creating more sustainable meetings and events. These measurable standards hold both suppliers and planners accountable for implementation and are complimentary to other meeting industry recognized standards. The eight categories of the standards include staff management and environmental policy, communication, waste management, energy, air quality, water, procurement and community partners.
